LW 1112997 <i>Custody Dispute</i>	<p>Chinn, Adeline Lee Lovell (W F, 33) VICTIM of Custody Dispute (C), at Bayard Park Dr, Evansville, IN, on 06/30/2011, 19:36. Reported: 06/30/2011.</p> <p>Officers were dispatched to Bayard Park Dr in reference to a custody dispute report. Officers spoke to the RP/VI who stated that she is supposed to be able to talk to her children every night on the telephone at 7 pm. The VI last talked to her children by telephone two nights ago (6-28-11) at approximately 1830 hours. The VI stated she attempted to call her children yesterday and today at 7 pm. The VI stated the OF would not answer his phone either yesterday or today. The VI believes this is all stemming from an argument that the VI and OF had two nights ago. The VI believes the OF is not allowing her children to talk to her "get back at her". The VI then showed officers a court order that was dated 02-22-2010. The cause number is 82D04-0403-DR-257. The court order states "Court continues its order of October 15, 2009 granting Mother daily telephone communication with the children." The VI stated the court order from October 15, 2009 stated she was supposed to talk to her children every night at 7 pm. The VI could not find the court order from October 15, 2009.</p> <p>Earlier in today's shift (06-30-2011) the VI called dispatch and asked if an officer could go to Gum St to check the welfare of her children. The VI was worried about her children because she has not spoken to them since 06-28-11 at 1830 hours. Officers went to the address but were unable to make contact with anyone at the residence.</p>		WILL, A. J.

The victim advised that she is having problems with the tenant next door to her at Illinois St. The victim advised that she filed a vandalism complaint against the offender in the past and there is a up coming court date for that complaint. The victim advised that she witnessed the offender slash two tires on her vehicle during that complaint. The victim advised that she believes the offender realized she was gone and broke out the side window. The victim did not want me speaking to the offender this evening as he was intoxicated and she feared more retaliation from him. The victim advised that she was having electrical issues inside the home as well. The victim was unable to get some of her lights to turn on and she feared he had done something to the residence while she was gone. The breaker box for the victim's residence is located on the west side of the home next to the broken window. I looked in the breaker box and found a breaker had been shut off. 	<p>beating her and he was parked west in the east bound lanes of the Lloyd as the female was running from him. There were several calls on the incident.</p> <p>Upon our arrival we located all subjects involved. The reporter stated he was traveling west on the Lloyd and observed the female (later determined to be the suspect) on the south side of the fence that is south of the Lloyd and runs parallel with the Lloyd. The reporter stated her two small children were near the fence. He observed the suspect run a short distance and lay down in the grass in a sudden fashion. The suspect then jumped up and tossed her two children (five and six year old female juveniles) over the fence toward the Lloyd before running back and diving into the grass. The reporter stated this was very odd so he began turning his vehicle back around. As the reporter approached from the west he observed the suspect and her children running west on the north side of the fence and near the Lloyd. He observed the suspects boyfriend and father of her children (involved other) running after her with his car parked west bound in the east bound lanes of the Lloyd. The reporter stated it appeared to be a domestic violence situation because the involved other was chasing after the suspect and the suspect seemed very frantic.</p> <p>Officers Hastings, Loesch, and Proctor were the first to arrive and made contact with the suspect. The suspect appeared to be under the influence of some type of drug or narcotic. She was in a very frantic state and did not appear to be acting rationally. The suspect would not obey any direction or orders from officers. Officers attempted to place the suspect into handcuffs for everyones safety and she began to resist after several orders from the officers involved. She pulled away from officers, flexed her body, and thrashed her arms and legs. Officers Hastings and Loesch were able to take the suspect to the ground still giving verbal commands to stop resisting and place her hands behind her back. The suspect flexed her arm and locked out her elbow as Officer Loesch attempted to place one of her arms behind her back. The suspect grabbed Officer Loesch on her inner leg area and squeezed hard refusing to let go. Officer Loesch struck the suspect twice in order to get the suspect to release her grip and to effect arrest. The suspects behavior was extremely erratic and she was unable to speak clearly or answer any questions due to her state of mind. AMR arrived on scene and transported the suspect to the hospital. Officer Loesch injured her left wrist area in the process of taking the suspect into custody and gaining control of her. Officer Loesch went to Deaconess for her injury and the outcome is unknown at this time. This incident took place on the side of the Lloyd Expressway during a high traffic time and daylight. More than one person notified dispatch of the situation and the suspects behavior and actions could have caused an accident. She continued to be combative and scream the entire time we were on scene. This behavior actually caused several patrons of O Charley's restaurant to come out side of the business and watch. The business is on the north side of the four lane expressway from the incident.</p> <p>The involved other stated they were staying at the Residence Inn Hotel nearby due to a house fire and not having a place to live. He stated the suspect used to abuse methamphetamine but was not currently to the best of his knowledge. He stated the suspect had been acting very strange for the week prior and could not give an explanation why. He stated she had never been diagnosed with any mental conditions and stated to myself, Officer Smith that "she was on something and I dont know what." He stated he had been chasing her to get the children because he feared with the state of mind she was in they could be in danger. While on scene</p>
