I was dispatched in reference to a stolen vehicle report. Upon arrival, I met with the victim who informed me that on the 17th of November the offender was at his residence visiting. During the visit, the offender asked to go out to the victim's car and "mess" with the stereo. The victim further stated that while he was playing video games the offender went out to the vehicle with the car keys and took the vehicle without the victim's permission. The victim stated that he later made contact with the offender and was told that he just needed to run some errands. Since that time he has had a few text messages providing excuses as to why the victim does not have his car back. The victim told me that he has asked for the vehicle back several times. Vehicle description is attached. The victim was provided with a case number.

Officers were dispatched to a general complaint at 5205 Sherbrooke Rd. The caller/victim, , stated they have been having ongoing issues with the offender. She stated he has been told to stay out of everyone's yards on the block because of vandalism, primarily rock throwing. She also stated he has lately began pushing her grandchildren off of their bicycles while riding them and telling them he is going to kill them. She stated she has only recently allowed him to come back over. A few days ago, she caught him throwing rocks at her glass front storm door and chased him off. He began yelling profanities at her as he rode away and gave her the middle finger. Today, she said she heard a loud crash from her south-facing window. She ran over to it, thinking it had been broken out and saw the offender quickly riding his bicycle away from her driveway. She went outside and saw her window casing had been broken out by a broken piece of landscaping block that they had on pallets in the driveway. The piece of block was laying on the window sill. Her grandchildren stated he was throwing rocks at them and he then threw the one at the window before riding off. The victim stated she has previously tried to talk to the mother and it had no effect.

Officers went to 5114 Sherbrooke to speak with the offender and the IO, his mother. The offender admitted that he threw "some rocks", but only because one of the other children pointed a toy gun at him. His mother stated she can not control what he does in the neighborhood and officers advised her that she should start.

While on-scene, the neighbor at 5120 Sherbrooke stated she has had on-going issues with the offender getting in her locked privacy-fenced back yard. She has told him repeatedly to stay out because she is afraid he will be bitten by her dog. She requested we bar him from her address.

The offender was advised he is barred from 5120 and 5205 Sherbrooke Rd. His mother was told that the victim was pursuing criminal mischief charges and she would have follow-up from a juvenile detective.
