LW 1509732 <i>Battery-domestic Violence Incident Report</i>	<p>[missing name] VICTIM of Battery-domestic Violence Incident Report (C), at 2908 Lake View Blvd, Evansville, IN, between 20:55, 05/08/2015 and 21:18, 05/08/2015. Reported: 05/08/2015.</p> <p>Officers were dispatched to 2908 Lake View Blvd in reference to a Family Dispute. The caller advised dispatch that he and his wife were arguing and that she had started throwing things. When we arrived we spoke with both subjects. The caller stated him and his wife started arguing and she threw a drink on him. He said after that she threw a fruit bowl and several other items in their kitchen. He said he went over to her and got her to go out on the porch. He told her she was out of control and that he was calling the police. She attempted to go back in the kitchen but he blocked the door and wouldn't let her in because he was afraid she was going to cut her bare feet on the broken glass.</p> <p>The female stated that her and her husband had both been drinking tonight and that it had most likely played a strong role in tonight's events. She said that her husband and her were talking and he brought up some past incidents that angered her. They began arguing and things escalated. At some point she said she threw her drink on him. She said she then went into the kitchen and threw a glass fruit bowl across the room along with some other glass items. She said that looking back on it that was probably a bad decision and something she normally would not have done. She said her husband got her outside and that he then wouldn't let her go back in because he told her she didn't have shoes on and that he didn't want her to cut her feet. She said she got mad and started throwing things on the porch. She stated now that he probably saved her from cutting her feet up by keeping her outside.</p> <p>Neither subject wanted to leave their house. Both were informed that since they are married we cannot make either of them leave. We suggested that it might be best if one of them leave if they thought it would calm things down for the night. The male stated he would attempt to stay in another part of the house but if it didn't work out he would most likely go to their sons house for the night. They were advised that a Domestic Violence Incident report would be taken. Neither subject wanted to press any type of charges against the other and were concerned with how this would look on their record. They were advised that we were simply taking a report to document the events that had taken place tonight in case anything further happens or if other allegations were to come up at a later date.</p>	GREEN, R. E.
