Reported: 06/07/2015. Dispatched to a Property Damage Crash, I arrived and found Wilson in a red Chevrolet Impala, between the two front seats. Sgt. Magary & I drew his attention and directed him to unlock the car doors, which Wilson did. Wilson, seated in the driver`s seat when he sat up from between the seats, climbed out the passenger door, at my direction. I directed him to the rear of his car, and I could smell an odor of an alcoholic beverage on his breath and on his person. Wilson had bloodshot eyes, spoke with slurred speech, and impacted a parked vehicle while driving his car on a gas station parking lot. I had Wilson walk to back of his car, and he was slow to answer basic questions. Sgt. Magary provided a portable breath test machine to me, but Wilson did not comply or complied very slowly with my directions, so I handcuffed him and transported him to Vanderburgh County Confinement Center for an OMVWI investigation. Prior to transporting Wilson, Sgt. Magary discovered, then advised me, that Wilson had two warrants for his arrest. Wilson`s driving record revealed his driving status through BMV is Suspended for prior offenses. Officer Current, investigating the crash, informed me that Wilson had no proof of insurance in his vehicle. Wilson had no proof of insurance in his personal effects or on his person, and Wilson has a prior conviction for Operating W/O Proof of Insurance. Reported: 06/07/2015.</p> <p>I, Officer S. Brown, was dispatched to 1215 N. Fourth Ave. in reference to an animal complaint. The reporter, Jose Cardenas-Lopez, phoned records to report someone killed his dog. Upon arriving Officer N. Sammet and I met with Cardenas-Lopez. Cardenas-Lopez began by telling us that he and his friend went to the swimming pool today and came home to find his dog "Cabo", a two year old, grey pit bull type dog, dead. He told me he believed someone poisoned Cabo because the dog had blood coming out of his ears. Immediately upon approaching the area where Cabo was lying deceased, we observed a metal chain attached to a black leather studded collar. The collar was lying next to Cabo. Cabo was also lying next to a hole which it appeared Cabo had dug as there was freshly disturbed dirt around the hole and on the dog`s feet and mouth. Cardenas-Lopez did say he moved Cabo when he came home and found him dead. He said he removed the chain and collar from the dog.</p> <p>Cardenas-Lopez said he was home this morning and he and his friend left the house around 1300 hundred hours when Cabo was acting just fine. He said he chained Cabo to the post in the backyard because his niece was over and she had her small Chihuahua outside playing in the yard. Cardenas-Lopez said he didn`t want him near the small dog, so he chained him to the post; however, he said that normally Cabo has the run of the yard. He also said Cabo will go into the small room attached to the house and lay on the couch sometimes. Officer Sammet and I ascertained that Cabo normally has the option to move about the property freely. Cardenas-Lopez said he was called by his mother between 1700-1730 hundred hours and informed that Cabo was dead. He said he lives at the house with his mother and father. According to Cardenas-Lopez, they phoned him when they got home and found Cabo in the yard, deceased.</p> <p>I noticed the lack of shade and two empty containers near Cabo`s body. I asked if Cabo had food or water. Cardenas-Lopez said the dog had eaten earlier in the day, but he found that Cabo must have knocked his water bucket over sometime during the day. There was an empty silver bowl and an empty white bucket type container that Cardenas-Lopez indicated had been knocked over. Cardenas-Lopez said he believed the dog was poisoned because of the blood coming from Cabo`s ears. I did observe some type of liquid which appeared to be coming from Cabo`s ear. It could possibly have been blood; however, I was unable to tell. Cardenas-Lopez did tell Officer Sammet there was a woman who`s dog got into a fight with Cabo one day, but he didn`t really know her or where she lived.</p> <p>We told Cardenas-Lopez it appeared his dog was exposed to too high temperatures without shade or water. We also explained that this was a violation of the law. At this time (1850 hundred hours), the ambient air temperature was eighty-seven degrees and the heat index was ninety two degrees. Dispatch was able to advise the high temperature was ninety one degrees at 1554 hundred hours. The high heat index at the same hour was ninety four degrees.</p> <p>Animal Control was called to the scene. The animal was taken to a veterinarian for a medical evaluation.</p>		BROWN, S. E.
