Reported: 07/30/2015.</p> <p>The Reporter is Siara and is a health care worker for Hospice. She comes to the house a few times a week and checks on Martha. Martha has 6 dogs inside the house. While inside the house on today`s date Siara was bitten by one of the dogs. The bite was not bad but the condition of the house and the condition of Martha combined with the bite she felt animal control and the police needed to be involved.</p> <p>I arrived and spoke with animal control. They had gotten the 6 dogs into cages inside the house. I stepped inside the house and the odor of urine and feces was so strong that I had to step back outside. After a minute I went back inside and spoke with Martha. I told her she needed to come outside and speak with me. She is unable to move very well, so Siara and the animal control worker helped her get into a wheel chair and then brought her outside.</p> <p>Once outside I spoke with her about the condition of her house. She understood it was a mess. While talking with her she stated she had fallen several days ago. When she fell she hit her head. Hospice and a neighbor came and picked her up on that occasion. I called for AMR and they responded to the scene. In addition to her falling a few days ago she also has some bad spots on her legs.</p> <p>AMR arrived and spoke with her about her condition. She was unsure about the year and some other questions she was asked. AMR felt she needed to be treated because of her leg injury plus the fact she was a little unsure of what year it was and made some other comments that were a little off.</p> <p>Martha is on lots of medications including strong pain killers. We are not sure what she is taking and not taking because she will drop so many pills on the floor. Also not sure how many of these pills are being taken by the dogs.</p> <p>The dogs appear to being fed but they are in horrible shape as far as the fur is concerned. The white dog was a brown due to it being covered dog feces.</p> <p>The back of the house is also falling apart and will be only a short period of time before the roof begins to leak.</p> <p>With the condition of Martha I also do not believe she could exit the house should a fire take place inside the house.</p> <p>Martha was taken to St. Marys for treatment and hospice is going to try and get her court ordered placed into a facility. Martha will not go anywhere without being forced. She stated today that she would rather die in this house then have you take my dogs.</p>		HACKWORTH, E.
