While I was enroute I was advised that the suspect was a black male but no clothing description was provided. Dispatch advised me that the reporter, R. When I arrived I observed a black male walking in the general area and I stopped to speak to him. As I was exiting my fully marked patrol car I was advised by dispatch that the Jeffreys could see me and I was approaching the subject he observed. I made contact with the male subject, identified as B. Carter. Carter had two rocks in his pocket while I was speaking to him. I immediately observed that Carter had a mental capacity of a small child and I was eventually able to find out where he lived. Carter was a resident of a group home in the complex and had snuck out of his bedroom window. I made contact with his care giver, J. Nix and advised him of the incident. Nix stated that Carter has mental disabilities and has the mental capacity of a five year old. I spoke to the victim, M. Gossett and advised her of the incident and the damage to her window. Gossett stated that as long as her window was not broken out she did not wish to press charges on Carter due to his mental capacity. Gossett was advised that her window was not broken but it did have significant scratches to it. The reporter said he did not think much of the old basketball goal and was going to dispose of it at a later date. The reporter however was at home after hours and observed a Facebook Post with information regarding a theft of a basketball goal (See case 15-16809). Officers investigated and determined this was not the prior stolen basketball goal while speaking with the victim of 15-16809. Officers with the assistance of records could not locate any other reports of stolen basketball goals.</p> <p>The reporter wanted to clear his name and assist in returning stolen property if possible. No serial number was able to be located on the basketball goal. The goal has a plastic black bottom base, black pole with rust, weathered backboard with the words "Quick Adjust" and "Lifetime" on the front. The rim is slightly bent in the front and is missing the net.</p> <p>The basketball may have just been abandoned or fallen off a truck rather than stolen and its only value is most likely scrap metal in its current condition. The goal was not entered into found property because it appears to be of no real value and is very large in size. The complete setup was left at 2103 S. Kentucky Ave. and the reporter stated he would hold onto it about a week before disposing of it.</p> <p>Link with case 15-16809.
