The victim, Jordan Lovell (Franklin), advised the offender backed into her vehicle and left the scene at a high rate of speed. Lovell`s white 2013 Chevrolet Sonic received damage to the left front bumper area.</p> <p>Lovell stated she was in the drive-thru at Rally`s. The offender was in front of her driving a 2005-2010 smoky gray Chevrolet Impala. The offender backed up and struck her vehicle, causing damage. Lovell and the offender got out of their respective vehicles and started talking to each other. Lovell advised that she was calling the police to file an accident report. The offender got back into his vehicle and fled west on Virginia Street at a high rate of speed. Lovell followed the offender and attempted to get the registration plate information. She contacted dispatch and read multiple different registration plates to dispatch.</p> <p>I contacted dispatch and they reviewed the audio from the 911 call. The dispatcher checked all of the combinations provided by Lovell but could not get a match to the described vehicle. Lovell was certain that the registration plate had a "Z" in it but she could not remember the exact registration plate number.</p> <p>Rally`s advised they had video camera`s on the property but they probably would not have captured the accident. However, it may have captured the offender`s vehicle leaving the scene. I e-mailed EPD CSU and advised them of the possible video footage.</p>
