The last thing the victim remembers is being in the area of Kerth and Fares Ave. The next thing he knows, he`s waking up on the ground. The victim climbed back into his truck, where he then noticed his injuries in his rear view mirror. The victim then drove to his hotel room and asked his buddy Brad to take him to the hospital. That`s all the victim can remember. The victim also stated that he does not want to press charges, nor did he even call for a report. I advised the victim that I would have to do one, just in case his condition worsens. He stated he understood. The victim`s refusal to press charges and decline prosecution was recorded on my body camera and occurred in the presence of St. Vincent`s security and medical staff.</p> <p>The victim sustained serious injuries to the back and front areas of his head. He had about a 4 inch laceration to his forehead, a cut to his left ear, and trauma to the top of his head. Both eyes were black and swollen. His cheeks and head were swollen and bruised as well. Crime Scene was called, but I advised Det. B. Gentry that the victim did not want to press charges. Det. Gentry advised that if he wasn`t pressing charges, he would cancel. The hospital is still running tests to see if there are any internal injuries. I tried to find the victim`s friend Brad, but he had already left the hospital before I could speak with him. St. Vincent security advised that Brad told them he was coming down off Meth., which is probably why he left in such a hurry.
