She never got out of the car, but that is when the victim said the suspect started pushing her. He pushed her down onto the ground, and then began to strike her in the face with closed fists. I did not observe any visible injury, but the victim said the punches did cause her pain. The victim`s friend said she saw the whole incident, and actually stepped in between the suspect and the victim in an attempt to stop it. She said the suspect just tried to swing over and around her in order to hit the victim. Finally, he got into the car with his girlfriend, and they drove off.		HELM, J. E.
