D. Handicap Parking

Motion by Mike Lauderdale, 2<sup>nd</sup> by Kayce Zeller and so ordered to approve the following:

1. Request approval for the following:

- a. 2508 N Kentucky Ave Apt B

This property has rear parking which would require the resident to navigate around a fenced yard with no access gate in the rear and a flooded parking space anytime it may rain. This property appears to qualify for an on-street "handicap" parking space providing all of your criteria has been met.

- b. 1012 Mary Street Apt 2

The apartment complex has no parking space for the middle front unit area where she lives, there is not a parking lot near the entrance to her middle front unit. Ms. Oldham informed Mr. Cruse that she has to walk a considerable distance with her groceries due to the congested parking and she is becoming unable to do it any longer. This situation qualifies, with ample room to install, for an on-street "Handicap" parking space near her front entrance area.

- c. 1910 W. Indiana Street Apt A

This property has no off-street parking for this unit and ample room to install an on-street "Handicap" space, this property appears to qualify.
