	<p>I was dispatched to the listed business for a custody dispute report. An invasion of privacy report was generated.</p>		
	<p>Officers were dispatched to 1200 Grove St for a person with a gun run for a black male threatening people with a gun and another white male with a knife. Officers arrived and spoke with the black male who was the resident at 1200 Grove St. He told the officers the white male had threatened him with a knife and handgun and went west toward the greenway with three males. Officers located the white male with his son, daughter and two other male juveniles on the railroad tracks over the pigeon creek. They were taken into custody.</p>		
	<p>Officer VanCleave mirandized the white male and asked him what had happened. He said his son had sent him a gps location to pick him up and the location showed 1200 Grove St. He went to the address with his daughter to pick up his son. The black male resident told him his son was not there. Angry words were exchanged between the two and the white male walked away and displayed a knife on his hip, which he had on his right hip when I encountered him. He then walked away and his daughter later told him the black male had an AR rifle when they walked away. His daughter told Ofc. Juncker a similar story, and included that she saw the black male come out of the house with an AR style rife. The white male's son and friends confirmed a similar story.</p>		
	<p>The black male said that the white male had come to his porch, banged on the door and asked for his kid. When the black male said he didn't know what he was talking about, the white male accused him of kidnapping his son and demanded to look inside the house for him. He said the white male then walked into the street, a cup and something else down, and invited the black male to fight. The black male then started to walk down to fight and the white male displayed a small black handgun on his right hip and pulled out a knife with his left hand. So, the black male went into his house to get his AR rife.</p>		
	<p>The black male's wife and 10-year-old neighbor saw the incident. They both said the white male was in the street when he set down a blue cup and pulled a knife, but they said there was no handgun. We also did not find any handgun on the white male.</p>		
	<p>The black male and his father-in-law wanted charges pressed, but I explained that their engagement in the fight was not on their property and was a mutual combatant situation in relation to the knife. I explained there was also no charges for him grabbing his gun while on his property.</p>
