<i>Theft- Shoplifting < \$750</i>	<p>Officers were dispatched to 6625 E Lloyd Expressway (Target) in regard to a shoplifting that had occurred. Upon arriving, I met with a Target Loss prevention employee (reporter). The reporter advised that the offender had used a self-check out counter to scan merchandise selected from the store. The reporter advised that the offender used a small barcode from a Ramen Noodles package (costing \$0.19) to place over the barcodes of the clothing she had in her possession from the store. The offender scanned the Ramen Noodle barcode instead of the actual barcode of the merchandise at the self-checkout in order to appear as if she was actually scanning the barcodes on the clothing. The reporter observed this happening and watched the offender render payment for the value of the scanned Ramen Noodles plus some other consumables, but failed to render payment for the actual owed amount of the clothing. The offender then walked passed all points of purchase with the unpaid clothing and then exited the store. The reporter was able to stop and detain the offender.</p> <p>I entered the loss prevention office and met with the offender. I advised the offender of the Miranda Warning and asked if she would like to speak with me regarding what happened. The offender advised she understood her rights and agreed to speak with me. The offender admitted to shoplifting in the store because she was trying to obtain clothing for her 16-year-old daughter. The offender admitted to using a fake barcode in place of the actual merchandise's barcodes to make the transaction significantly less expensive. I searched the offender incident to arrest and found the barcode in the offender's purse. The barcode was labeled "maruchan", which matched to her receipt. The offender was cited for the offense and released on scene. The reporter was provided with a case number for his reference.</p>
