The apartment was ransacked with numerous medications dumped out on the kitchen counter and empty Bud Light beer cans throughout. There was clothing and furniture upside down and thrown around throughout as well. I attempted to open the bathroom of the one bedroom apartment and it was locked with a black shoestring tied around the door handle leading into the closed door. I then attempted to open the bedroom door and it was unlocked, but had to be forced open because of items behind the door. Once slightly open I observed a nude female face up laying on the floor of the closet with her feet facing to the west. The body was starting to decompose so I exited the apartment and called for a Sergeant, Detective and Crime Scene. I called for animal control to take control of the dog.
