Once on scene, I observed several cable lines had been cut behind the reporter`s apartment. A closer look revealed that there were multiple cable lines cut throughout the entire rear of the apartment building. A Direct TV satellite dish on the south end of the apartment building was also cut and damaged.</p>		
	<p>Rodriguez advised that he was inside his apartment when he heard a loud noise from behind his apartment to the east. When he stepped out of his apartment and looked at the back of the building, he heard two cars speed off to the west. He was unsure if they were related. Rodriguez did not see anyone behind the apartment when he checked. EPD Crime Scene was requested on scene for photographs. I attempted to make contact with a representative of the Ohio Valley Apartments (victim), but was unable to reach anyone. Officer Aker and I canvassed the area, but we did not locate anyone suspicious. I left a voicemail with the case number on their answering machine.</p>
