<i>Operating A Vehicle With An Ace Of .15 Or More</i>	<p>On 5/18/2021 at approximately 0013, officers were dispatched to an accident on Mount Vernon Ave near Rheinlander Ave. Dispatched advised a vehicle hit a pole and a drunk male ran away. Dispatched advised the male was walking towards the liquor store on Tekopel. The male was described as a white male, wearing a wind breaker, fairly skinny, with short dark hair. The vehicle involved in the accident was a red Chevrolet Cruze.</p> <p>A Vanderburgh Co. Deputy, B. Rolley, arrived shortly before me but continued West. I stopped at the accident and spoke to a male, Dylan Roddy, who stated the subject returned to the vehicle, took something out and went back towards Tekopel. I noticed a red vehicle with heavy damage to the front passenger side. The passenger wheel was snapped. I drove to the area of Tekopel and Mount Vernon where a Vanderburgh County Deputy was out with a male who matched the description of the driver. The male was identified as Luke W. Townsend by IL driver`s license.</p> <p>I began speaking to Luke and asked him what happened. Luke said he was not the driver. While speaking to Luke, his speech was slurred. Luke was having a hard time standing still and keeping his balance. Luke told me he had been drinking. I informed Luke there were witnesses to the crash and he still denied being the driver.</p> <p>I walked Luke to an open concrete lot. I asked Luke if the area was level and straight and he agreed. I gave Luke a set of Standardized Field Sobriety Test.</p> <p>The first test given was the Horizontal Gaze Nystagmus. I explained the instructions to Luke and he said he understood. During the test, I observed the following clues; Lack of Smooth Pursuit in both eyes and Nystagmus at Maximum Deviation in both eyes. I observed a total of 4 clues. Luke had equal tracking and pupils. Luke said he did not wear glasses or contacts. I had to stop this test for safety because Luke about fell backwards and I was not able to administer the Onset prior to 45 degrees part of the test.</p> <p>The second test given was the Walk and Turn. Luke stated he did not have any</p>

LW 2108381	<p>problems with his knees or legs. I put Luke into the starting position and began explaining the instructions. While explaining the instructions, Luke could not keep his balance. Luke stated he understood all the instructions. During the walking phase, I observed the following clues: steps off line, misses heel to toe, uses arms for balance, and took the wrong number of steps (10 each way). I observed a total of 5 clues during this test.</p> <p>The third test given was the One Leg Stand. I explained the instructions to Luke and he said he understood. During this test, I observed the following clues: put foot down, sways during test, and uses arms for balance. I observed a total of 3 clues during this test. This test was stopped 16 seconds out of 30 seconds for safety because Luke could not keep his balance.</p> <p>I read Luke the Indiana Implied Consent and Luke said he would not take the chemical test. Luke was placed into handcuffs behind his back and advised he was under arrest. Luke was transported to the Vanderburgh County Jail by the transport wagon.</p> <p>On the way to the jail, I stopped at the accident scene. I could tell the vehicle was West on Mount Vernon when it left the road on the North side near 3203 Mount Vernon. The vehicle ran over a trash can and then stuck a utility pole # BA981. The pole was heavily damaged with pieces of wood that had busted off and was on the ground. The vehicle continued west a short distance where it came to rest on the South side of the road facing the wrong way.</p> <p>Once at the Vanderburgh County Jail, I read Luke Miranda Rights. Luke stated he understood. Luke told me that he was at the Myraid with some friends. Luke said he drank 3 Miller Light 12 oz beers. Luke said he was the driver and was heading home. Luke said he got a call on his phone and then bam. I went over the Indiana Implied Consent with Luke and he said he wanted to take the chemical test.</p> <p>Officer N. Cooper a certified operator arrived and tested Luke on the Intox ER/IR-II serial number 011142. On 5/18/2021 at 0014, Luke tested 0.169 g/210L.</p> <p>Officer Stepro spoke to a witness, Amber Stratton who stated she scene the male leave the vehicle. A crash report was completed by other officers. Vectren arrived to assess the damage to the utility pole. Tri-State Towing was called to tow the vehicle.</p>		AGHASARYAN,
