This has been an ongoing issue between the two over loud music from a car. The victim was given a case number, advised on how to pursue charges and protective orders.</p>		
	<p>On the listed date at approximately 18:04hrs, the witness observed a white Mazda Tribute collide with a blue Ford F150 in front of 1917 E Franklin St. The witness stated the Mazda was traveling east bound and the Ford was parked. The witness said after the collision he saw the vehicle pull over behind the Ford truck and park. The witness stopped to ask the driver of the Mazda if everyone was alright and stated they were fine. The witness then stated the Mazda backed out of the space colliding with a maroon Chevy Colorado truck that was parked in front of 1913 E Franklin St. The witness said the Mazda then pulled forward and collided with the Ford a second time. After this, the witness stated the Mazda left the scene driving east on Franklin St toward Weinbach Ave. The witness stated he never saw the driver of the Mazda get out to make contact with the owner of either vehicle. The witness stated he believed the occupants of the vehicle to be all juvenile females.</p>		
	<p>While responding to this hit and run, the owner's girlfriend, the involved other, call in to stated their Mazda was involved in a hit and run accident and needed a report. Prior to my, Officer Hastings, arrival at 1750-D E Michigan St, I drove by the E Franklin St address and called the witness. Once I had the story from the witness I made contact with the involved other. The involved other started out saying her husband was involved in a hit and run and she needed to report it on his behalf since he had to go to work. Before the involved went on to tell a false story, I stopped her and informed her of what I was advised by the witness. At that moment, the involved other changed her story and stated juveniles were in the vehicle and told her someone had hit their vehicle when they were leaving the gas station at Franklin St and Weinbach Ave. Again, the involved other was advised that was a false statement on their part. At the time of the report, the Mazda was parked at the involved other's residence and photographs were taken of the damage using my body camera. The involved other only had first names for two of the juveniles in the car and was not familiar with the third female. The involved other was given the case number and advised to call police records with their vehicle insurance information and any other information leading to the discovery of the driver and juveniles.</p>		
	<p>I went back to the Franklin St address and spoke to both victims. Victim#2 stated he did not want to pursue anything concerning his minor damage to his truck. I still added the information due to the nature of the event. I then spoke to Victim#1 who advised he had surveillance footage of the incident. I watched said footage and the video depicts the incident exactly how the witness described it. The video shows the driver was a black female wearing a pink or similar colored shirt. The victim provided his insurance information and advised that he would provide a copy of the video to the police department once he gets it downloaded. The victim was given the case number for his records. I took photos of both victim's trucks damage.</p>
