We arrived on scene and observed a black passenger car with both driver door and passenger door open that was unoccupied. A male subject was standing in front of the address. The male stated he knew the other two involved. He was here watching the suspects kids while he went to pick the victim up from the hospital. The male stated that the suspect and victim continued to argue inside and he stepped out to get away from them.</p> <p>The front door was open and due to the fresh blood on the steps we made entry to check welfare. We located both subjects upstairs and they came down to speak with us. I spoke to the alleged victim outside and she stated she had been at the hospital since about 1400 hours. Her boyfriend had picked her up this evening from hospital and brought her home. She stated she did not understand why we were there and that nothing physical happened.
