B. Road Closure

1) Requests Approval Of:

- a. Stephan Naas Requests A Temporary (on and off) Lane Restriction On N. Green River Road In The Vicinity Of 4216 N Green River Road Starting November 6<sup>th</sup> For Approximately 2 Weeks (Depending On Weather And Availability Of Materials).  
*The City Engineer does not approve of the closure as a temporary closure during delivery with a flagger. Southbound traffic in this area is reduced to a single lane at the north end of this project location. Instead, the City Engineer recommends a permanent lane reduction for this project with a lane reduction taper starting at the north end of the project. This taper will be 45:1 as a rate, 540 feet long in total. This should be consistent with the IMUTCD. Offloading truck or deliveries will be allowed to use the outside then south of where the full lane width closure is developed.*  
Purpose: Evansville Water & Sewer Utility Project S160235, Sewer Main Extension.
