Reported: 06/27/2025.</p> <p>Victim and witness have been having problems with the suspect for the past six months. Victim and witness state that the suspect contentiously "trys to mess with" them. Today, the suspect was cutting the grass next door to the victim, and continued to come onto their property with his mower after being asked not to. The suspect's girlfriend is the property owner next to the victim. I was called out to this residence the first time today, regarding the mowing issue. The victim and witness advised that this is an ongoing problem with the suspect. The victim and witness both stated that the suspect follows the victim up and down the fence line, yelling profanities at him and telling him that the suspect "better not catch" the victim trespassing on his property. The victim and witness state they can not cut their grass without being harassed by the suspect. I advised both the victim and witness to try and get video of the suspect harassing them.</p> <p>I received a return run to the residence approximately 20 minutes later. This time, the witness has the suspect on video, following the victim up the fence line, yelling profanities at him, telling him once again that he better not catch the victim trespassing on his property, which is NOT the suspect's property. After the suspect realized that he was being recorded on video, the suspect ran back inside the residence, had his girlfriend move her car so he could leave in his vehicle prior to my arrival. Both the victim and the witness are scared of the suspect and know of his history of intoxication and pointing a firearm at a police officer.</p> <p>I had the witness send me the video from her phone, which I will attach to this file.</p> <p>The victim and witness will be attempting to apply for a protective order against the suspect.</p>		MATTHEWS, J.
