Germania Männerchor debuting new food trailer at Fall Festival!

Germania Männerchor is celebrating its 125th anniversary this year in a whole NEW package! The club's new 26' long food trailer will debut at the West Side Nut Club Fall Festival Oct 6-11.

The new trailer was funded by a Germania member fundraising drive this summer and includes new equipment inside, specifically more frying capacity, a 48" griddle and refrigerated drawers.

"“We want to thank everyone who contributed,” says Germania President Mike Kuhn. "This was a collective effort from our supporters to make this happen. We are also pleased to dedicate our new vehicle to the memory and spirit of Dr. John and Grace Eisterhold who were both active in the Evansville community and personified gemütlichkeit."

The booth will sell Germania's famous handmade kraut balls, fried German bologna, bratwursts and smoked pork chop sandwiches. NEW this year will be sausage burgers. Germania is in booth #132 located on the south side of Franklin Street between Bud's and the Gerst Haus.

Besides the trailer being used at Fall Festival and the club's annual Volksfest, Germania plans to sell food at other select events, including SWIRCA's Super Bingo on October 25th which will have an "Octoberfest" theme this year.

"Promoting German culture is a big part of our mission," adds Kuhn, "and Evansville shows us again and again how much they enjoy our delicious food."
