As I spoke to the resident, I observed two young children in the living room. The resident wasn't wanting the offender around the children while she was intoxicated.</p> <p>Due to the danger the offender posed to herself and others while in the state of intoxication, I detained the offender for public intoxication and transported her to the Vanderburgh Co Confinement Center. The offender refused to blow in a PBT(portable breath test) instrument until I arrived at the confinement center. The offender then provided a sample and showed a breath alcohol level of .163% per 210 liters of breath. The offender was housed on the listed charge.</p>
