<p>Officers spoke with Barnes, who said this was not the first time this has happened and he showed Officers a window in the kitchen that had a broom stick in the upper half of the window. Barnes said this window was damaged the last time the house was broken into, so he has placed the broom stick in the upper part of the window to prevent the window from freely being opened. Barnes pointed out that the broom stick was not in the position he had left it, indicating an attempt had been made to open the window.</p>			
<p>Upon looking at the window from the exterior, there were visible hand print marks smeared on the window in what looked like an attempt to open the window as the marks were streaking upward. Barnes also pointed out that the rear gate to his fence was open and that was not the way he left it. Barnes was unaware of who may have tried to gain entry into his residence. Barnes did state that the last time this happened Air Jordan shoes and a Play Station 5 were taken from the residence. Reference case number 22-25271 for the previous burglary.</p>			
<p>Barnes did not have a camera that would have captured the incident but is going to check to see if any neighbors may have caught the ingress or egress of the suspect. Barnes was provided with a case number and advised to call back if he gain any further information.</p>
